Dr. Barak offers integrative clinical service for small animals in her clinic and also in shelter medicine. She integrates Veterinary Acupuncture, Herbal Medicine, nutrition, Network Chiropractic care and Ozone therapy into her practice.

Chi's faculty expertly guide you through the learning process during the course and provide free lifetime email case consultation after you graduate.

CVA PROGRAM OVERVIEW

The course begins with an overview of fundamental aspects of Chinese Medicine, including *Yin-Yang* and Five Elements theory, which serve as a foundation for case diagnoses and treatment presented later in the class. A variety of acupuncture techniques are taught, including electro-acupuncture, aqua-acupuncture, moxibustion, etc. in addition to conventional "dry" needling. In acupoint labs, students learn acupuncture points on live dogs.
