

2026-2027 Certified Veterinary *Tui-na* Practitioner (CVTP) in Malaysia

For veterinarians & veterinary students only

The power of healing with the hands based on acupuncture meridians

Course Overview

The Veterinary *Tui-na* course is a 33-hour course that certifies veterinarians in Veterinary *Tui-na* (Chinese Medical Manipulation) therapy. This course is hybrid, with an online and on-site portion. The on-site portion is held in Kajang, Malaysia. The course is offered for small animal veterinarians. Lectures and labs cover treatment options for small animals patients. Hands-on learning is heavily emphasized in the *Tui-na* course, and wet labs take up most of the on-site session. In wet labs, students can practice *Tui-na* techniques on live animals.

Prerequisites

Students wishing to enroll in the Veterinary *Tui-na* course must have knowledge of TCVM, and must fulfill one of the following two requirements:

- Completion of at least one session of veterinary acupuncture at Chi or another accredited institution
- Completion of the TCVM Fundamental Theories lecture series online module

- 15 hours of intensive hands-on learning with live animal wet labs
- Enjoy the convenience of online learning in 18 hours of online fundamentals
