LEARN FROM WORLD-RENOWNED EDUCATORS AND PRACTITIONERS IN VETERINARY ACUPUNCTURE

Learn from instructors with over 80 years combined experience practicing and teaching veterinary acupuncture and traditional Chinese veterinary medicine (TCVM), including world-renowned speakers Drs. Huisheng Xie, President and Founder of Chi University, and Liliana Cărpinișan, Director of Chi Romania.

THE BENEFITS OF HANDS-ON EXPERIENCE PLUS THE CONVENIENCE OF ONLINE LEARNING

Chi's hybrid learning system incorporates hands-on experience through small on-site acupoint labs, real acupuncture case demos, and case presentations. In Chi's state-of-the-art online learning portal, knowledge is gained through virtual lectures and demos you can stream at your convenience.

JOIN THE CHI FAMILY, GET LIFE-LONG SUPPORT

More than 12,000 veterinarians from over 80 countries have completed courses at Chi since its founding in 1998. This community of (TCVM) practitioners share knowledge and support at the annual international conference and through Chi's online forums. All Chi graduates receive free lifetime case consultation from Chi faculty.

Dr. Huisheng Xie DVM, PhD

Founder and President of Chi University

Dr. Xie has 43 years of clinical, teaching, and research experience in veterinary acupuncture and TCVM. He has trained over 12,000 veterinarians to practice TCVM worldwide. Dr. Xie's education includes advanced training in veterinary medicine, veterinary acupuncture, and human acupuncture. Dr. Xie has authored 30 books and over 100 peer-reviewed papers. His textbooks, including *Xie's Veterinary Herbology*, *Xie's Veterinary Acupuncture*, and *Traditional Chinese Veterinary Medicine-Fundamental Principles*, have been used for TCVM training programs around the world. Dr. Xie continues to teach and develop educational courses and programs at Chi University, and is an honorary professor at China Agricultural University, South China Agricultural University, and China Southwest University.

Dr. Roger Clemmons

DVM, PhD, DACVIM (Neurology and Neurosurgery), CVA, CVFT

Dr. Clemmons graduated with his DVM from Washington State University. There, he also was granted a PhD in veterinary science (emphasis in neurophysiology and clinical neurology). Dr. Clemmons then took a faculty position at the University of Florida's College of Veterinary Medicine where he practiced neurology and neurosurgery for 35 years before joining the private Veterinary Specialty Hospitals in Florida. Dr. Clemmons, a board-certified specialist in Neurology, has published over 100 peer-reviewed original studies, reviews, papers and abstracts and given numerous presentations, both in the US and abroad. At UF, he has had an active research program and is known for his work on platelet physiology and in the study of neurodegenerative diseases such as degenerative myelopathy. He has developed a number of innovative neurosurgical techniques including fixation of atlantoaxial subluxation and Wobbler's syndrome. Dr. Clemmons taught veterinary and graduate students at the University of Florida for 35 years. Dr. Clemmons became a certified veterinary acupuncturist (CVA) at Chi in 2000. He was certified in TCVM Food therapy (CVFT) from Chi in 2009. He integrates Veterinary Acupuncture, Herbal Medicine, and nutrition into his practice. He is a national and international speaker in the field of neurology and the science of veterinary acupuncture.

LEARN FROM THE BEST

Chi's faculty is comprised of practicing clinicians who actively treat patients using the same modalities they teach. Learn more about your CVA instructors and register to become a Certified Veterinary Acupuncturist at chiu.edu/courses/ACUP102_ROU_EN.

Dr. Lorena Lloret Nadal DVM, CVA, CVTP, CVFT, CVCH, CVBMA

Dr. Lloret received her DVM from Murcia University in Spain in June 2002. She earned her veterinary acupuncture certification from Chi University-Thailand in 2005. The following year, Dr. Lloret completed the acupuncture internship program at the University of Florida with Dr. Xie. She served as Chief of TCVM Services of the Veterinary Teaching Hospital of the University Alfonso X in Madrid, Spain from 2014-2021. Dr. Lloret is the translator and editor-in-chief of the Spanish edition of *TCVM: Fundamental Principles* by Dr. Xie. She is currently the director of Chi-Europe, Chi-Spain and Chi-Ireland and serves as a primary instructor for Chi CVA courses throughout Europe. Dr. Lloret TCVM specialty in both small animal and horses, offering clinics in Ireland.

Dr. Liliana Cărpinișan DVM, PhD, CVA, CVBM

Liliana Cărpinișan is originally from Lipova, Romania. She received her DVM at Banat University of Agricultural Sciences and Veterinary Medicine "King Michael I of Romania" from Timișoara in 1992. Lecturer of Faculty of Veterinary Medicine from Timișoara since 1992, she earned her PhD in Veterinary Medicine in 2003.

She started her education in Acupuncture and TCVM in 2017 at Chi Europe and she became Certified Acupuncturist in 2021. She offers TCVM clinical service for small animals and horses at the veterinary teaching hospital of Veterinary Medicine Faculty from Timișoara.

Chi's faculty expertly guide you through the learning process during the course and provide free lifetime email case consultation after you graduate.

CVA PROGRAM OVERVIEW

The course begins with an overview of fundamental aspects of Chinese Medicine, including *Yin-Yang* and Five Elements theory, which serve as a foundation for case diagnoses and treatment presented later in the class. A variety of acupuncture techniques are taught, including electro-acupuncture, aqua-acupuncture, moxibustion, etc. in addition to conventional "dry" needling. Two track options are available in small animal and mixed practice (which includes both small animals and horses). In acupoint labs, students learn acupuncture points on dogs, both dogs and horses depending on the selected track.

LEARN MORE & REGISTER! chiu.edu/courses/ACUP102_ROU_EN

Chi's hands-on acupoint labs and low student-to-instructor ratio ensure you gain the confidence to start practicing acupuncture after the first on-site session.

Class is limited to 20 students for an intensive & intimate learning experience
