**MV Rude Driver** Ms. Inez Garcia was picked up at Hobby Lobby 10/01/25 around 2:50 She called to say she did not have good experience with the driver she had. She did not feel safe. She told the driver that the seat belt was not hooked the right way and explained why. While driving to her home she asked the operator, "Are you one of the drivers from Houston? He answered yes. She said, "Just remember you are not in Houston". She said he got offended and screamed at her. She told him to shut up. In addition, the unit was too hot, and she told him. She said he did not respond to her complaint. She said that he turned the radio up. She is very upset and wants to know what is going to be done.

**MV Driving Issues** October 2, 2025 Passenger: Wilhelmina Ybanez Phone: 361-688-3158 Ms. Ybanez was picked up from 5302 Williams at 8:29. She was going to 4222 S Staples (Planet Fitness) She was using the B-Line app and the arrival time said 9:15 AM but she did not get there until 9:30 AM The driver appeared confused trying to navigate around the Everhart Road construction. After eventually making it through, the driver missed the entrance to the Planet Fitness location on Staples. Throughout the ride, the driver repeatedly asked where the destination was. When Ms. Ybanez attempted to assist, the driver responded with an unprofessional attitude.

**MV Rude Driver** Mr. Zepeta was picked up at 4838 Prescott at 4:30 am 10/2/25. He boarded the bus using a walker and requested to sit in the front seat. He told the operator, David, that he was willing to move if a passenger with a wheelchair needed the space. However, the operator told Mr. Zepeta he could not sit there, stating, "This is my bus." Mr. Zapata moved to another area The operator told Mr. Zepeta "I will not be speaking anymore, have a good day" He would like a call back at 361-774-7068

**Real Time Issues** Customer called inquiring for location of route 3. After looking at live feedback and replay for route 3, there was no unit log as such route for whole day.

**MV Left behind/Passed Up** Ms. Glanz called to report an incident that occurred while she was waiting at stop 2501 for the 4:30 p.m. Route 65, unit 3065. She stated that not only was the bus late, but when it arrived, the driver did not open the door and drove off, leaving four passengers behind. This forced Ms. Glanz to call the Flex number and have the driver return to pick them up. While she was on the phone with dispatch, she was told that the driver claimed he had opened the door but that no one boarded. Ms. Glanz insists this was not true, and after reviewing NAVINEO, it shows the stop was serviced (X symbol) but no door open symbol was recorded, which can be seen in the attached photo. After re-boarding, the passengers rode toward the Island, where the driver then insisted that they all had to ride to Port Aransas before being dropped off on Whitecap. When the passengers informed him this was incorrect, he became argumentative and contacted dispatch, who instructed

him to drop them off before proceeding to Port Aransas. The driver then exited the bus to argue further with the dispatcher.

**MV Driving Issues** Mr. Scaief, a motorist, called to report an incident involving the driver of Route 24, unit 3073. He stated that the bus operator pulled out of a bus stop without checking his mirrors, nearly causing a collision and forcing Mr. Scaief to swerve to avoid being hit. Mr. Scaief added that after the incident, the bus driver honked his horn and threw his hands up as if Mr. Scaief had done something wrong.

**MV Driving Issues** Maggie called to report that the operator of Route 24, unit 3067, was observed speeding through the Wooldridge school zone. She stated that the designated speed limit in that area is 20 mph until passing the "End School Zone" sign located just beyond Fulton Dr. According to Maggie, the bus was traveling at a noticeably high rate of speed before exiting the school zone. She also mentioned that this has occurred multiple times before and that she is growing increasingly frustrated with the ongoing issue.

**MV Disputed Drop Off/Pick Up** RT 34 10:41 am Leticia Garcia picked up RT 34 by the Strips in Robstown. When they got to Robstown station, she was told to get off the bus. The operator told her she needed to wait for her to come back or wait for the 27 to take her to the Dollar Tree in Robstown. Ms. Garcia is upset because she paid her .75 and now, she must use her transfer to go to the Dollar Tree and pay again when she is going home. She would like a call back. Leticia Garcia 361-426-3072

**MV Late/Early** Name: Jennifer Email: jclarkcc@yahoo.com Phone: 3614625083 Message: My mother rides via B-Line Paratransit. Today she was picked up nearly a hour late from scheduled appointment pick up time. Her appointment at the hospital was at 8:30am. We arrived at about 9:10 luckily we come every 2 weeks that they know us and we were able to be seen still!!!! Driver didn't even apologize my mom's name Is Rita Garcia ID# 1001677.

**MV Transportation** Customer complaints about route 65 being late. He explained that buses can break down and traffic can affect adherence to schedule. Nevertheless, this is a daily occurrence and it affects him since he depends of this route to pick up his kids.

**MV Driving Issues** Customer complaints about the trainee. She explained how the driver keep slamming the breaks making them almost falling from the seat. She said that this is the second time this person is on training on that route but has not improve in his breaking.

**MV Rude Driver** A customer called to report concerns regarding the trainer currently assigned to the driver of Route 4, Unit 3070. The customer stated that the trainer has been extremely rude, appears to have little patience, and is training the new driver to behave in the same manner. She also claims the trainer has been providing incorrect policy

information. According to the customer, she boarded the bus multiple times today. During her second boarding, she overheard the trainer tell the trainee that she was “the lady who calls and complains.” Later, at approximately 12:20 p.m., both the trainer and trainee exited the bus, and the customer overheard them talking about her again, with the trainer reportedly saying, “See, look, she’s on the phone now complaining.” The customer expressed frustration that the trainer is teaching the driver to dislike certain passengers and to stereotype riders. She also reported witnessing the trainer give incorrect policy information regarding drinks—specifically instructing passengers to remove straws from cups with lids, which she believes is not correct policy.

**MV Safety & Security** Ms. Martha Rios from Hill Country called to report ongoing concerns about a B-Line passenger named Frank Ortiz. She stated that there have been multiple incidents where Mr. Ortiz has inappropriately touched female passengers while riding the bus. The driver has reportedly witnessed these incidents but only instructs the passengers to move seats rather than formally reporting the behavior. Ms. Rios expressed frustration that this issue has not been properly addressed, as she believes the driver has failed to communicate these incidents to their supervisors or management. She also noted that the most recent incident occurred this past Monday during Mr. Ortiz’s return trip home.

**MV Late/Early 1565** Bus left early timing point at Building 8 leaving customers behind. Mrs. Glanz said they can not skip timing point since they are critical since this can make her lose the connection with route 65.

**MV B-Line** Ricardo Gomez, a B-Line rider, called to report several ongoing issues with the B-Line Reservationists, difficulty reaching Gayle Knight, and a recent bus concern. He stated that the first incident occurred when he attempted to cancel his Monday morning pickup on 10/13/25 at 5:40 a.m. He repeatedly called, but the automated system continued to say that the person he was trying to reach was on the phone or unavailable. Despite multiple attempts, no one answered, and he was ultimately forced to cancel his ride at the door when the bus arrived. Gomez does not believe he should be penalized for a no-show in this instance. The second incident occurred on Wednesday, 10/15/25, for his 9:00 p.m. pickup. His friend offered to give him a ride home at 7:00 p.m., so he began calling immediately to cancel his trip. However, he experienced the same issue — no one answered his calls until 8:30 p.m. He again feels this should not count against him as a no-show since he made repeated attempts to cancel in advance. The most recent incident occurred today, 10/16/25, for his 1:40 p.m. pickup. Mr. Gomez reported that the bus was extremely hot, and when he asked the driver if there was an issue with the air conditioning, the driver did not respond. He then contacted the dispatcher, who informed him they were

unaware of any AC issue and would send a replacement bus. Mr. Gomez initially tried to tolerate the heat but ultimately found it unbearable and requested to be let off the bus.

**MV Late/Early** Sara Ommani, the owner of Texas Adult Daycare, is very upset today Wednesday 10/15 (and was yesterday Tuesday 10/14 too). She spoke with Mr. Vanzalen yesterday, Tuesday 10/14 about two of her clients being picked up late every day by Bline. Her staff needs to leave by 4 PM, but B-Line has been showing up around an hour late. She said she's talked to both Ms. Knight and Mr. Vanzalen several times about the same ongoing issue. Mr. Vanzalen told her on Tuesday 10/14 that he would send an Uber to pick up the clients if it continues. She's asking for someone to call her back as soon as possible at 361-343-1505. Thanks,

**MV B-Line** Mr. Ovalle complaints about his experience with the B-line. He explained how he schedule a pick up at 11:30am for today, but the bus did not show up. When he called to confirm the status of the ride, he was told that his ride was there at 11:05AM. He was very unhappy to hear this since he explained that has been waiting outside since 10:50AM. He would like a phone call back to explain what can be done for this to not happen again.

**MV Fare/Transfer Dispute** Name: sydney Email: garzaraulsyd07@gmail.com Phone: 3613737983 Message: I am riding the 34 bus and my husband put in 2 dollars for 2 transfers and the machine turned off on bus and did not give us our change back,to top it off this bus driver gives attitude when asked about our change and says its not her problem and to call customer service...she always going slow and almost making us late for work every morning.... **MV Transportation** Mr. Gomez reported that he was unable to reach anyone at Bline on Friday at 10:07 PM and again on Saturday around 10:00 PM to confirm whether he had missed his scheduled ride or was still going to be picked up. He had to arrange for an Uber at 10:30 PM because no one answered to confirm. He does not want a no show to be marked on his account. He stated that this has been an ongoing issue. On October 20th around 4:00 PM, Mr. Gomez contacted Gail. During the conversation, Gail mentioned that she has a family member, her son, with special needs. After the call, Mr. Gomez expressed offense, he wants to clarify he is handicapped, he does not consider himself to have be special needs. He was very offended and stated: "If this is what she thinks of me – that I'm

'retarded' – maybe that's why I'm not being taken seriously." (his words) Mr. Gomez also mentioned she asked if he considered changing his picks from 10:00 PM to an earlier time. He told Gail, "It sounds like you want me to change my schedule to fit your needs," at which point he said she tried backtracking. He would like a call back 361-549-7683

**MV B-Line** Customer complaints about bus not showing up to pick her up today. She claims to have been waiting the bus outside for an hour 9am to 10am.

The bus arrived at 2:36pm, the driver advised of the itinerary in which they will be picking up several people before her drop off. The estimated arrival time was between 5:00pm to 5:30pm. She will try to call again to obtain an explanation and assurance that this will not occur again. She emphasized on how dissatisfied she is with the 4 to 4,5 hours trip. Her drop off was at Gregory.

**MV B-Line** Customer complaints about the scheduling. He said that when he called on Sunday to schedule his trip the person who did the appointment, wrote down the wrong times ( Mr. Hartwell identifies the person as Marcia). The customer explained that he requested a 11:30am to 12:00pm trip back but instead got a 10:30am. His morning trip were he was pick up at 09:45am did not take him to the Walmart instead, the customer explain that they took him to Flour Bluff and them to greenwood. The driver then loudly commented, “This is ridiculous,” and stated that the facility was causing people to end up on dialysis by allowing them to eat candy. 1. #1607: Herlinda Elizondo (phone number: 361-500-2593) called to file a complaint regarding her B-Line ride yesterday. She stated that she had scheduled a trip to Walgreens for a time-sensitive medication pickup, as her medication must remain cool or it will spoil. Ms. Elizondo noticed that her driver appeared to be new but did not think much of it initially. However, after picking up another passenger in a wheelchair, the driver took approximately 30 minutes to secure the rider. Before Ms. Elizondo was dropped off, the driver began yelling at another passenger, telling her, "Be quiet, because you are scaring me!" After that passenger was dropped off, Ms. Elizondo asked the driver if she was next, which seemed to upset him further. He began yelling at her and stated that he had lost her name and drop-off location on his computer system. Ms. Elizondo then had to provide directions to her destination. When she was later picked up from Walgreens, the driver almost left without her, which would have caused her to miss her return trip. Ms. Elizondo said she understands that system issues can occur, but feels that drivers should never yell at passengers. She requested an update once the situation has been reviewed. 4. #1616: 11/6 Around 3pm B-Line Teresa Morales was on the B-Line Wednesday 11/5 at 3:00 pm. When leaving the Del Mar parking area she fell off her scooter and injured herself while on the bus. She said her seat belt was not secure. She went to the hospital, Doctors Reginal by ambulance that same day. She is claiming injury. 7. #1629: James Wise and I rode the bus to and from Special Hearts in the Arts on Saturday. All the drivers are careful and very attentive to the special needs passengers. But our return driver, Lettie , was exceptional! First she made sure that James's friend, Ira , was able to ride home safely from Special Hearts when he had mistakenly ordered a bus that would have left him downtown after the facility closed. The bus had many very disabled elderly riders . Lettie patiently helped each one with seat belts, walkers , canes and even walked the most frail to the door of each destination. Many thanks to Lettie for being such a caring angel ! Sarah Terry & James Wise 205 Yorktown Blvd
